

## *Message From President*

**Mr. J.M. Manaloor**  
**President**  
**Manaloor family**

Dear Members,

We are launching a website, which was our longing desire to have one. First of all, I express my heartfelt wishes to all those who had worked for it.

We are starting this website for our young generation. World is progressing very fast. Keeping that in mind, we should also keep the pace and think accordingly. Our youngsters don't have the knowledge of our family. They can't recognize their relatives, even if they living near. It is at the time of functions like Baptism, marriage, death etc., they come to know some of their relatives. So may our website became useful to all our members to know each other and keep in touch together.

Our Manaloor branch is the biggest branch among these six branches of "Vanchithra Thevarthundiyl" Kudumbayogam. As our brother branches do, we cannot get together frequently and to know each other. Because of this we are starting this website. I am feeling very proud to have this site launched.

The members should actively participate in this and make it a success.

I would like to thank all those who had been behind this project and wish all the best to the success of the website.

May God Bless us, with prayers,

-sd-
